[redacted] noted we had asked for guidance (Walter Robertson), however up to the present time we had received none. Dr. Kent noted that ONE had prepared a paper on Indonesia. The Director said he had read it and asked [redacted] to obtain another copy which may be shown to the Secretary of State. Dr. Kent commented that this paper would come before IAC at its meeting on 5 March.

e) Noted [ ] had been invited to participate as a member of a panel to discuss a statement of Soviet Military Capabilities <sup>before</sup> the Nelson Rockefeller Group at Arden House in New York and commented that he should if possible confine his presentation to the economic and industrial fields. The Director said he assumed this meeting would be off the record and no representatives of the press would be present. Dr. Kent remarked that he had "reluctantly" concurred in [ ] request and in fact he felt with the exception of a very few, CIA personnel should not make speeches, participate in panels, etc. The Director said he did not quite agree with this since he did not believe that everyone should pull into a shell, however, he did agree that some restrictions should be placed on who participates in exercises of this nature, and in particular subjects discussed. The Director also made it clear that he did not want any "reluctant concurrences". He said if there is disagreement with a proposal, partial or full, he wanted to know about it.
